

Together for better.

CENTRUS HEALTH IS TRANSFORMING
HEALTHCARE IN KANSAS CITY.

Better Care

Our value-based model rewards providers for helping patients improve their health, reduce the effects and incidents of chronic disease, and live healthier lives.

Better Prices

Our contracts require us to reduce overall costs while improving the quality of care, resulting in an average savings of 6 to 12%.

Better Access

From the Northland to South Overland Park, our 2,000+ providers are spread across the Kansas City metro to give our patients better access to the care they need when they need it.

Want to join us for better?

The Centrus Health Network integrates with commercial insurers on value-based contracts.
